---

## SUMMARY

Full Stack Developer with 1+ year of experience building scalable web applications, backend APIs, and integration solutions. Proficient in JavaScript, React.js, Node.js, and Express.js, with hands-on experience in REST APIs, authentication, webhooks, and third-party integrations. Experienced in developing end-to-end applications, including frontend interfaces, backend services, and database operations.

---

## TECHNICAL SKILLS

**Languages:** JavaScript

**Frontend:** React.js, HTML, CSS, Tailwind CSS

**Backend:** Node.js, Express.js, REST APIs

**Database:** MongoDB

---

## PROFESSIONAL EXPERIENCE

### Zoho & Full Stack Developer

**Bhavatah Soft Tech LLP** | Aug 2025 – Present

- Developed backend APIs and applications using Node.js, Express.js, and Zoho Catalyst for business logic and data operations
- Implemented authentication systems and handled secure data retrieval and updates through REST APIs
- Built API integrations between internal systems and third-party services to support business workflows
- Integrated external services such as Google APIs and Twilio to enhance application functionality
- Implemented and managed webhooks for real-time, event-driven communication between systems
- Developed React.js-based web applications, including a school management interface for managing student data and activities
- Built reusable UI components and improved frontend performance and maintainability
- Collaborated across the SDLC, from requirements gathering to development, testing, and deployment

### Frontend Developer Intern

**Versai Tech Solutions** | Dec 2024 – Apr 2025

- Developed responsive web applications using React.js and Tailwind CSS.
- Integrated APIs into frontend applications and optimized user interfaces for improved usability.

- Collaborated with the development team on frontend implementation and application improvements.

## **MERN Stack Developer Intern**

**Rinex** | May 2024 – Jun 2024

- Built a real-time chat application using React.js, Node.js, Express.js, and WebSockets.
  - Developed REST APIs and implemented authentication for application features.
  - Created responsive interfaces for cross-device compatibility.
- 

## **PROJECTS**

### **Real-Time Chat Application**

**React.js | Node.js | Express.js | MongoDB | WebSockets | JWT**

- Developed a real-time chat application using the MERN stack and WebSockets.
- Implemented JWT-based authentication for secure user access.
- Built REST APIs using Node.js and Express.js.
- Used MongoDB for application data management.

### **Blog Share**

**React.js | Node.js | Express.js | MongoDB | Tailwind CSS | JWT**

- Built a full-stack content platform with authentication and content management functionality
  - Developed backend APIs for application operations and data handling
  - Designed a responsive frontend for an improved user experience
- 

## **EDUCATION**

**NIMS University, Rajasthan**

**B.Tech — Computer Science Engineering** | 2021 – 2025

CGPA: 7.5

**Intermediate (XII):** 97%

**SSC (Class X):** CGPA: 8.0

---

## **CERTIFICATION**

**Full Stack Developer Bootcamp — GeeksforGeeks**
